

CEO's Message

FEB
2024

Greetings to you All

I hope you are all well wherever you are

The past month gave room to recover from the fatigue of the Christmas holiday so I presume you are now motivated as well as energized to take our Mission forward.

I am thrilled to announce the extension of our projects to another Country; Ivory Coast!

By welcoming refugees, we believe in building a stronger, more resilient community that celebrates diversity and embraces humanity's collective potential. Through our new projects in this Country, we aim to provide refugees with essential resources, including shelter, education, healthcare, and livelihood opportunities. We are embarking on yet another journey of compassion, making a tangible difference in the lives of those seeking refuge and a brighter future. I congratulate Insa, Oumar, and the entire team that played a role in registering this Country Program and ensuring we had all the necessary documents required for operation. Well done!

I continue to appreciate all Country Programs for your continued efforts to finalize the Business Planning processes. Your diligence, creativity, and teamwork have been instrumental in shaping our strategies for success. Together, we've laid the groundwork for innovation and growth, and I'm deeply grateful for each of your contributions. Let's continue to collaborate and strive for excellence as we move forward into this exciting phase. Thank you again for your outstanding efforts.

As we transition into March, let's carry forward the momentum and positivity that has propelled us through February. Remember, each task completed, and each obstacle overcome, brings us one step closer to our collective goals.

This month, I bring you [stories](#) and [videos](#) (click to read and view) depicting the impact of our commitment from Ethiopia Country Program. Your contributions matter, and they make a significant impact on our success.

Thank you for your dedication and commitment. Here's to a successful February and an even brighter March ahead!
